

**Jonathan (Jon) Sawicki** brings over 18 years of experience advising clients across the chemical, energy, and transportation sectors, with a focus on port and maritime security. He has supported communities, corporations, and port authorities throughout the United States—including projects in USCG Sectors Puget Sound, Corpus Christi, Honolulu, San Diego, and Houston-Galveston—and internationally across South America, the Caribbean, and West Africa. Mr. Sawicki is a recognized expert on the International Ship and Port Facility Security (ISPS) Code and the Maritime Transportation Security Act (MTSA). His expertise includes federal grant program management, security and emergency response program development, and Waterway Suitability Assessments (WSAs) for the safe transport of LNG and LHG within U.S. waterways. He has provided sworn testimony before the U.S. House Committee on Homeland Security and has supported international port security initiatives for the U.S. Department of State and the Republic of Cameroon. He holds a Bachelor of Arts in Geography from the University of Colorado and is a qualified Port Facility Security Officer (PFSO)
