

ADDENDUM NO. 1

Request for Proposal: RFP 2026-31-VIT 36K LB Forklifts
Closing Date: June 8th, 2026 @ 2:00 p.m.

The following questions and answers are provided for all bidders:

Q1. For the fork control system, is there a preference of synchronized side-shift vs independent side-shift?

Answer. Independent side-shift is preferred.

Q2. Exhibit C- What is the required lift height? Section 1. General Requirements 1.2 references lifting palletized freight and other freight to no more than 20' with in normal load ratings based on industry standards but the chart in Section 5. Specifications 5.1 Dimensions lists a lift height of 147".

Answer. 147" is minimum height accepted, anything greater than this is acceptable.

Q3. Is an enclosed cab with heat and AC required?

Answer. No, but having pricing with and without as an option is preferred.

Q4. What color paint is required?

Answer. Pantone Blue (7466C) for main body, mast and rims black, handrails yellow and all walking grating to be galvanized. Or list option of what is available.

Q5. Does the truck need to be equipped with a sideshift only or a sideshifting fork positioner?

Answer. Side shift yes, fork positioner no.

Q6. Please confirm the fork length requirement. Exhibit C Section 5.1 references 72" long forks. 96" forks are most common for a truck this size.

Answer. List options and pricing for forks. 96" are acceptable.
